HRV HERO PROGRAM

**2019 – 2020 PRESIDENT'S AWARD**

John Coffey is involved in the Harness Racing Industry and he could see the funds that we require to run our activities and how hard it is to generate monetary funding.

Out of love for the Standardbred and knowing the importance of life after racing, he offered us some unique opportunities to raise significant sponsorship funds – which in these uncertain times make it possible for us to be able to run our upcoming events.

One such example is last year, John contacted Yirribee Stud and asked if they would donate a stallion service, to be auctioned off as part of the Swan Hill Trots Annual Stallion Tender, with the funds donated to the SPPHAV. This alone raised a significant amount as well as other opportunities he presented us with.

Without people like John, who out of kindness helped SPPHAV make connections, we would not be in the financial position we are in. John is a great example of a quiet contributor who has made a big difference in helping the Standardbred horse in their journey after racing.

This award is for his contribution to the SPPHAV and our future.
