Entries to be emailed to Louise at louisethewright@gmail.com with a copy of payment. Banking details are BSB 633-000 Account 129937470. Enquiries to 0406077041 Lisa.

For Standardbred lovers, knowing how to work with your horse to get the best out of it as a pleasure horse - for dressage, jumping, showing, cross country, or just for trail riding - can be a daunting task, especially as people mistakenly accentuate the view that Standardbreds “can’t canter” or that Standardbreds “can’t do dressage” or that all Standardbreds will pace rather trot.

This All-Day clinic is a horse-and-rider event for any Standardbred owner to gain the expert advice and guidance from two of the best Standardbred re-trainers in Victoria.

There will be at least three sessions covering groundwork, flatwork, and jumping (including pole work and jumps training which is excellent for introducing Standardbreds to cantering). Each session will have a maximum of 5 riders/horses to ensure maximum benefit for participants with a focus on balance, pace & rhythm in all paces.

Learn from:

Frank Palomares

Frank is an accomplished equine instructor who has worked with Standardbreds for many years. He is an EA Level 1 coach and the regular trainer for all the Standardbred Riding Group’s rallies and clinics and has coached the club’s riders to TTT Championship winners in various classes and levels, enabling them to get the best from their beloved “Standies”.

Melissa Blair

Melissa has re-trained and re-homed over 100 off-the-track Standardbred horses and presented the Standardbred showcase display at Equitana November 2016. Melissa will take owners through the stages of preparation to get any horse, no matter how inexperienced, to a level where the rider can begin to enjoy it in whatever discipline they choose.
