Alabar Series – placing not awarded

In these results you will see that Peter Harkness did not award a placing for the single horse that contested the Alabar Series. This is because he considered the horse did not meet the criteria, set by the HRV HERO Program, for this class. Judges do not have to award a 1st place (in any class), if they consider none worthy of that placing. There have been times when more than one horse has been in a class and the placings commenced at 2nd.
